MEMORANDUM FOR: Chairman, COMOR

SUBJECT : Protection of OXCART End Product

1. In the interest of potential tactical reconnaissance value of the end product of the OXCART vehicle, the Office of Security has no objection to its release at the SECRET level outside of the TALENT Control System.

2. The camera books (T-6) may also be released at a "SECRET" classification outside of the TALENT Control System as determined by the SIO.

3. The film (should initially be handled as if it were in the TALENT System:

a. processed by Eastman Kodak and classified SECRET.

b. reviewed first by NPIC team;

c. NPIC to excerpt any frames of film indicative of the national priority target and all such ;

d. frames to be classified TOP SECRET and handled in the TALENT System;

e. the remainder of the film to be released for tactical needs at the SECRET level.

NRO review(s) completed.

TALENT Security Officer, CIA
